Central Pacific	Skate San Francisco	August 17 –19, 2018	Bruce.Bell@itv.com

The goal of Icemen designated competitions is to encourage more male skaters to attend the same summer non-qualifying competitions, so skaters have more skaters in their event.

Each competition selected as an Icemen competition will host a complimentary Icemen social for all skaters who are apart of the Icemen program. These socials provide an opportunity for skaters to develop relationships in a casual, off –ice environment. Additional information on the Icemen socials will be provided to the Icemen network as they become available.
