D&O Insurance

- http://americanspecialty.com/usfigureskating_cov/index.html
- **Directors & Officers Liability Insurance**
 - ...broadly defined, covers legal costs, judgments and settlements resulting from suits and other legal proceedings brought against the entity’s Board of Directors, Officers or the insured entity itself for allegations of wrongful acts, errors, and omissions.

What your D&O Insurance won't cover:

Selected Exemptions:

- 1) Claims arising out of, based upon or attributable to such **Insured** gaining any profit, remuneration or advantage to which they were not legally entitled.
- 2) Claims arising out of, based upon or attributable to any dishonest or fraudulent act or omission or any criminal act or omission by such **Insured**.

Oversight:

- It is the entire board's responsibility to make sure that the club's records and finances are sound.
 - Stay active to avoid/prevent fraud and embezzlement
- Most acts of fraud or embezzlement begin as "borrowing" of funds – 90% of cases are cash
 -Most cases are people who never intended to commit a crime
 -Most cases escalate from a pattern of small actions to large embezzlements

These people didn't wake up one morning and say, "I think I'll steal from my club today..."

Oversight:

- Theft can...and does...happen anywhere and everywhere.
- -The Bowling League treasurer who needed to "borrow" some money – would certainly have it back in the league's account before the spring banquet.
- The PTA President who received some "cash" payments, and never accounted for them.
- The Treasurer of the cheerleading association who used the money to buy "personal items."

It happened here in Mentor, Ohio.

"Best Practices" policies:

- The board must stay active in overseeing the Treasurer's (and anyone who handles finances) records and procedures.
- 1) Insist on monthly reports at each board meeting. Verify the accuracy and ask questions.
 - 2) President should have access to all bank accounts, and check the transactions monthly online.
 - 3) Discuss a "no cash" policy. If practical, enact it. If not, keep solid paper trails of all cash.

"Best Practices" policies (cont'd):

Treasurer:

- 1) Maintain timely filings such as incorporation statements, tax filings, statutory agent filing, insurance, etc. Share these documents with the board.
- 2) Reconcile all accounts on a monthly basis, when the financial institution generates the statement. Share these reconciliations with the board.
- 3) Maintain a record of the financial position (statement balances of all accounts) on a monthly basis. Share this with the board.
- 4) Compile a physical "Treasurer's Handbook" which details all account information, including how to access the accounts (including online login/password profiles). Board has access to it at any time.
- 5) Establish an "Expense Reimbursement" policy. A paper form, requiring a signature, with receipts attached, is the only acceptable way to get reimbursed. Large expenditures require board approval. Use a club debit/credit card whenever possible.
- 6) There is a physical document (receipt, invoice, signed form) for each financial debit. There is a physical document (bank receipt, written summary) for each deposit.

Audits:

- 3 Basic Types of Audits:
- 1) **Compilation**
Lowest level ("Smell Test")
 - 2) **Review**
Analytical procedures, footnotes, comparisons of earlier numbers
 - 3) **Full Audit**
Independently verify balances – typically very expensive, and not completely reviewed.

Audits:

- INTERNAL AUDIT

Board selects several people from among the membership to meet with the Treasurer and all of the club records (suggest every 2 years). The Treasurer reviews the record-keeping procedures with the committee; they then check the documentation in the files with the financial record book (software) for accuracy. The committee provides a written report back to the board. Any irregularities must be acted on by the board.

Thank you!
