***NOTE FOR ACCOUNTANTS:** For all red and underlined pattern dances above, adults dance fewer sequences than standard partnered pattern dance events, which will lead to errors in calculation for multi-segment events when using IJS. To avoid these errors, substitute one of the four new reduced pattern dances from the dance drop-down in the segment setup window for the named dance (e.g., if Pattern Dance 1 is Tango Canasta, enter "PD1 – Tango Canasta" in Name and TV Name; but instead of selecting Tango Canasta in the dance drop-down, scroll down to the bottom and select Reduced Pattern Dance Two). Your first element code will be RPD21Sq instead of TC1Sq. Both the actual dance name as well as the substituted dance name will appear on the results reports.
