OBITUARIES

LEE

Janet Lee, a highly accomplished figure skater and beloved coach, passed away on July 4, 2024, surrounded by loved ones. She had a profound impact on the skating community through her achievements and unwavering spirit.

Under the training of John Nicks, Janet had an impressive skating career, including being a double gold medalist, a regional champion and a U.S. Open World Professional medalist with a phenomenal cantilever. She followed with a two-year tour as a principal skater with Ice Capades and a successful 20-plus year coaching career.

In 2015, she founded Frozen Edge Skating School in Los Angeles, where she produced numerous ice shows and competitions. She taught skaters from age 2 to 80, helping them with their swizzles to passing their gold freestyle tests, placing at regionals and sectionals, competing at junior nationals and supporting them as they graduated high school and beyond.

Alongside her professional accomplishments, Janet cherished her life on a farm surrounded by many farm animals. In 2015, she was diagnosed with stage-four metastatic breast cancer. Her unshakable determination and inner strength led her to embark on a journey with her best friend, Callie Harlan, to visit all 50 U.S. states, where she saw the Northern Lights, explored wildlife safaris in -20 degree weather, the Liberty Bell and skated on wild ice.

Janet is survived by her mother, Barbara; her husband, Mike; sisters Sandra and Karen; brothers Carl and Eric; and Callie, leaving behind a legacy of resilience, passion for skating and devotion to animals.

A memorial ice show in her honor will take place April 19 at LA Kings Valley Ice Center in Panorama City, California, and the family is creating a skating scholarship in her name.

A GoFundMe account has been set up for donations to the ice show. For more information, contact Callie Harlan at clharlan@gmail.com.
