

WHO can become a music coordinator?

- Anyone (including active **competitors**) willing and able to uphold the ethical standards of U.S. Figure Skating can become an official. A good official is passionate about our sport, committed, responsible, and open to continuous learning and growth to support U.S. Figure Skating in serving our athletes. You must be at least 18 years old and fully compliant (background check, U.S. Figure Skating member, and SafeSport training) before you can serve as an official. Becoming an appointed music coordinator is a great way to give back to the sport, and this role is great for those who want a front row seat to this sport without needing any significant skating knowledge.

HOW can I become a music official?

- Keep a record each time you help, including the event name, date(s), local organizing committee (LOC) chair, chief music coordinator or chief referee, and the type of activity you helped with music – i.e. test session, exhibition or competition.
- Once you have gained experience managing the music as a volunteer (and LOVE it!), you are ready to gather the elements to submit an application for consideration to earn your first appointment.
